

Quick JohnnyChips/KadenKayzArchives announcement

I know I said I quit this account, but I changed my mind, I'm gonna release the files again. The main reason why I'm doing this is because Johnny/Kaden hasn't really been active in a while, and mainly because some videos he deleted are quite controversial, specifically his StevenDoesGoAnimate fan animation where he put Nazi symbolage in it and even had a clip in it saying "I've been a (n-word) for 20 years and I've finally stopped" or some shit like that, which is indeed racist. But yeah, that's all I have to say.
